Paris-based distributor awol animation has appointed its first international licensing agent for Korea's Goldilocks Studio's 78 x seven-minute animated series *Kioka*—Australia's Grahame Grassby at Stella Projects.

On the heels of the series' TV launch on Aussie preschool channel ABC4Kids, the appointment of Stella Projects completes the Australian roll-out, which also includes Roadshow Entertainment picking up Home Entertainment rights to launch on digital/DVD in February 2013.

Now into its second run on ABC4Kids, the series' international distribution includes Piwi+ (France), RAI Yoyo (Italy), KBS and KBS Kids (Korea), E-Vision (Dubai), RUV (Iceland) and OKTO (Singapore). Additional contracts are in negotiation with channels in Malaysia, Thailand, Iran and Slovenia.
